

# Monitor doors or windows

## Security Privacy Protection

The door sensor will signal changes, when a door or window is opened, instantly. Send notification alarm, run siren, or any other devices or scenes.

- **Battery type:** CR123A-3V \*1
- **Working Current:** 115—120mA
- **Standby Electronic Current:** 20uA
- **Working time:** 1Year (10times/day)  
2Years (5times/day)
- **Standby time:** 5years
- **Working temperature:** 0°C ~ 40°C
- **Working humidity:** 20% ~ 85%
- **Wi-Fi:** 2.4GHz
- **Standard:** IEEE 802.11b/g/n
